SavviCar.com is the newest way of selling a vehicle. We have made it simple for car sellers to sell their vehicle and receive immediate cash payouts with no hassle.

We already know how the dealer works, so we have cut out all the back and forth hassle of selling your vehicle. All of our specialists know that not all cars are created equal, so we take a step back and evaluate the vehicles.

We have live auction analysts who study the market and have taken out the guessing, and will show you all the pricing upfront on your vehicle. Based on those factors, we are able to present a cash offer on your vehicle!
